Deary & Bovill Schools
Grades: K-5
Updated Information 8/20/20

The following document is a living document and will be updated as needed. For clarification or concerns, please contact Stacy Monk at smonk@sd288.k12.id.us or by phone from 7:30 - 4:00 Monday through Friday at 208-877-1151.

Face Coverings
Students will enter the building with a face covering (mask or face shield) on and will wear that covering into their teachers classroom as they start the school day. Students who do not have face coverings will be provided with one.

The following are our general guidelines.

<table>
<thead>
<tr>
<th>Face Coverings on:</th>
<th>Face Coverings Off</th>
</tr>

Split Class Instruction
Each split will last approximately an hour. A class split into two groups, A and B, will receive the same amount of instruction they’ve received traditionally. A split for ELA or Math would be configured like this:

Group A: Will receive core instruction from their classroom teacher.

Group B: Will receive independent practice, small group instruction, targeted instruction or interventions, and additional support as needed with a Paraprofessional.

Group A and B will switch rooms and receive the other half of the instruction.

Teachers will have a Paraprofessional assigned to work with roughly half of the students in another room which will be an extension of the classroom. Teachers will be responsible for the
instruction, planning, and management of both rooms. Students are all part of their grade level class and will interact as a whole group at various times throughout the day.

Benefits to the split classes include smaller groups which allows for individualized instruction, interventions, extra support with practice work and/or classwork. Many of the activities in the additional room have traditionally occurred in small pull out groups. This arrangement also helps prepare us for moving into a yellow phase if necessary.

**Lunch and Recesses:**
Dismissals and returns will be staggered. We will avoid static lines but there will be some standing and waiting. Tape spots or other visuals will be used in some areas to aid in social distancing.

Breakfast/Lunch - Staggered seating will be used to limit face to face interaction and optimize space. No sharing of food will be allowed. Another tray- dump station will be added to avoid congestion.

Recess - Personal space will be emphasized. Some games may be limited. Recess equipment – balls, jump ropes, etc. will be cleaned.

**Bathrooms**
Teachers will limit the amount of students using the bathrooms at any given time. Handwashing will be emphasized throughout the day, but will be especially encouraged (and required) after restroom use.

**Hand Sanitizing**
Students will have hands sanitized on entry to and departure from their classrooms.

**School Supplies**
School Supplies are provided by the school and will be issued to students to keep privately. They will not be shared with one another. Teachers will replenish supplies as needed. Students will need to provide their own PE shoes, a backpack, and a water bottle.

**Water Bottles/Water Fountains**
Students will need a water bottle to refill at school. Students will be able to refill their water bottle during the school day and will not have access to the drinking fountains.

**Snacks**
If parents want to send snacks as in the past, we would ask for store bought, individually pre-packaged foods. This would also apply to birthday treats, or other celebrations.
**Student Checkout**
Parents are encouraged to call ahead or from the parking lot prior to checking out students during the school day. We will arrange to have your student ready for you to pick up.

**Cleaning**
Buildings will be cleaned and disinfected routinely. Frequently touched surfaces and high traffic areas will be cleaned/disinfected throughout the day.

**Additional**
Details regarding sick students, campus restrictions for patrons/parents, and more can be found in the School Reopening Plan on the school website.
